

Parking Finder

Team Name: NowNLater

Team Members: Jimmy Dolson, Heidi Duncan, Santerria Davis, Bhanu Shekhawat, Azariah Laulusa

Problem Statement

Parking has always been a major issue for students and faculty at UofSC, as well as, the surrounding area. Our users are aggravated because of the implications this causes within their academic/professional careers. Our solution should provide users with locations that are most likely to have parking spots available.

Who is experiencing the problem?

Students, Faculty, City workers

What is the problem?

Inability to find parking spaces on the campus of UofSC

Where does the problem present itself?

Parking lots and areas on and around the campus of UofSC

Why does it matter?

The inability to find a parking space causes added stress and can cause students to be late to school
